

Miraloma Parent/Guardian Survey 2010/2011

Apr 22, 2011 8:27 AM PST

Welcome to the Miraloma Elementary School Parent/Guardian survey! This important survey is conducted once per year and helps to provide a view into how Miraloma is doing against the Balanced Scorecard priorities. The Balanced Scorecard is the set of goals and objectives that Miraloma sets and provides to the district. In addition, the survey helps inform budget and community event priorities. Please complete one survey per family. All individual responses will be kept strictly confidential. Thank you for your candid feedback. We value your input and look forward to sharing the results with the Miraloma community.

This section of the survey will ask questions specific to each child you have enrolled at Miraloma. For example, if you have a 1st grade and a 4th grade student at Miraloma you will be guided to answer this set of questions two times - once for the 1st grader and once for the 4th grader. Special note for families with twins or two children in the same grade: You will have the opportunity to answer this section twice - once for each child. Please answer with each individual child in mind.

San Francisco Unified School District is continually facing severe budget cuts. Historically, the Miraloma community of parents and teachers has valued all of the programs presented in the questions below. The next set of questions asks you to rank the following in order of importance to provide input to budget allocation decisions. Please rank the program area you feel is most important with a 1, next most important with a 2 and so on. Please do not duplicate numbers (no ties). The SSC, teachers, and PTA will be having many discussions in the coming months as to how to best allocate our limited resources and will make sure to reach to the Miraloma community as we reach important decision times.

86. Please rank the following program areas from 1 to 5 in order of importance. 1 = most important, 2 next most important etc. Please do not Top number is the count of respondents selecting the option. Bottom % is percent of the total respondents selecting the option.
